

Valves

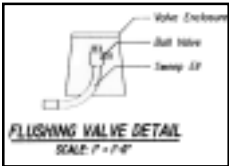

PVC Gate Valves (Pressure Rated)

This proven design is suited for a variety of applications featuring multiple end connector options.
Available in 1/2"-4" sizes

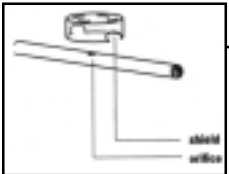

PVC Gate Valves

Pvc sliding Gates Valves are used as an inexpensive valve for quick shut off. Constructed with PVC and 416 stainless steel, with slip connection.
Available in 4", S x S (slip on both ends)

Flushing Valve

Flushing Valve cleanout and enclosure allows easy access for maintenance of laterals and monitoring of system. PVC Sweep Ell, Ball valve, and Valve Box.
Flushing Valve available in 3/4"-2" Valve Enclosure available in 7" & 10"

Orifice Shield

Orifice Shields are used in a pressurized distribution system to protect the orifices from backfill debris that might cause orifice blockage.
Available in 3/4", 1", 1 1/4", 1 1/2", 2"

4000

Pressure Loss - 4 Outlet Valve	10	20	30	40
Flow (GPM)	10	20	30	40
PSI Loss	2.0	3.0	4.5	6.4

Pressure Loss - 6 Outlet Valve	10	20	30
Flow (GPM)	10	20	30
PSI Loss	2.0	4.5	7.5

Pressure Rating
25-75 PSI
4 Outlet Models have interchangeable Cams for 2 - 4 Zone Operation. **4402 - 4404**
6 Outlet Models have interchangeable Cams for 2 - 6 Zone Operation. **4602 - 4606**

6000

Pressure Loss - 4 Outlet Valve	20	40	60	80	100
Flow (GPM)	20	40	60	80	100
PSI Loss	2.5	3.5	5.0	7.5	10.0

Pressure Loss - 6 Outlet Valve	20	40	60	80	100
Flow (GPM)	20	40	60	80	100
PSI Loss	3.0	4.0	6.0	9.0	11.0

Pressure Rating
25-75 PSI
4 Outlet Models have interchangeable Cams for 2 - 4 Zone Operation. **6402 - 6404**
6 Outlet Models have interchangeable Cams for 2 - 6 Zone Operation. **6602 - 6606**

Divert Paddle Valve

Recover that failed drainfield

When dual drainfields are constructed from the onset and alternated periodically, the life span of the two will be greater than twice that of two drainfields used to points of failure consecutively.
Divert Paddle Valve SEW13070

The Bull Run® Valve

is designed to split flows to septic fields or systems. The Bull Run Valve is available in 4" Sch 40 PVC. and is suitable wherever septic disposal systems are used - in commercial, industrial and residential applications.
4" Bull Run Valve SEW13065

Specialty NonStock Valves Available
Consult with *Milan Engineered Systems* on application and availability
